Premium Citrus Trees, Grown Right.

High quality, container-grown citrus trees for commercial and private growers.

Waydean Nursery produces premium citrus on-site in sterile 4L bags, under insect-proof hothouse protection, using virus-tested budwood and homegrown seedling rootstocks.

About Waydean Nursery

Established in 2010 by Dean Morris with Wayne and Wendy Protheroe, Waydean Nursery specialises in high-quality citrus production for growers across Australia. Today the nursery operates six insect-proof hothouses with a capacity of 50,000 trees.

We welcome nursery inspections by appointment and offer a wide range of citrus varieties on rootstocks selected to suit your conditions.

What We Offer

All Citrus Varieties

Public and private varieties available, including lemons, oranges, mandarins, limes, finger limes and grapefruit.

Custom Rootstock Options

All rootstocks are grown from seed on-site and matched with varieties to suit your soil, climate and growing goals.

Wholesale Supply

Reliable supply for commercial planting programs, farm developments and specialist growers.

Quality & Nursery Systems

Insect-proof Hothouses

Production takes place under strict insect control to preserve tree health and quality.

Virus-tested Budwood

All budwood is tested and selected for clean propagation and long-term performance.

Sterile Growth Medium

Trees are grown in 4L bags using sterile potting mix to ensure strong establishment.

Strict Quality Control

Every tree and rootstock is monitored under rigorous quality systems before dispatch.

Inside the Nursery

A look inside our insect-proof hothouses — from crop protection treatments to mature trees ready for dispatch.

Crop protection treatment underway — full PPE protocols maintained throughout our hothouses.

Mature citrus stock growing in 4L bags under insect-proof hothouse conditions.

Meet the Team

DM

OWNER & FOUNDER

Dean Morris

Founder and owner. Dean steered Waydean Nursery from its beginnings in 2010 through expansion, taking full ownership in 2022 after the retirement of Wayne and Wendy.

He brings extensive citrus production knowledge and strong leadership to every order.

SS

NURSERY MANAGER

Swarn Singh Sandhu

Nursery manager. Swarn joined full-time after training with Wayne and Wendy and now oversees daily operations and quality control.

His dedication and precision ensure consistent, high-quality tree production.

JK

NURSERY HAND

Jaspreet Kaur

Nursery hand. Jaspreet supports the expanding nursery demands with meticulous quality control and advanced budding techniques.
